Notes:

1. Receivable under financing activities is part of the non trading book where loans are in the nature of held to maturity and created with a sole objective of collecting principal and interest. Therefore company has considered the book value (before netting off impairment) for this certificate.
2. In order to match the value of Assets and Liabilities in Column J with the values in the Ind AS Financial Statements, relevant Ind AS adjustments have been eliminated in Column I (Elimination) and there is no debt amount considered more than once (due to exclusive plus pari-passu charge)
3. Investments that are classified as fair value through profit & loss, book value which is mentioned above, equates to the corresponding market value. Investments which are measured at amortised cost are thinly traded and market value is not available and hence the same is shown as Carrying /book value.
4. Market value of Property, Plant and Equipment is as per valuation done in November 2022.
